WELCOME to

At **Westport Veterinary Clinic** we want to make preventive health care easy and affordable, to help you give your pets the best care possible. We believe that prevention is better than cure, rather than waiting until a pet is ill and suffering to put things right. Early diagnosis of health problems will help your pet to live a long and healthy life.

**Friends of Westport** is not pet insurance. Our plans cover the essential treatments your pet needs throughout life, such as vaccinations, flea, worm and tick treatments and regular health checks. Our Standard plan includes many additional benefits and discounts while our Friends of Westport Extra members get even more.

Read on for more information, or speak to one of our team today.
